- ★ Services: Training, colt starting, instruction, clinics, confidence building, show preparation

**MICHAEL
LANGFORD**
TRAINING

Michael has been working with horses since he left school and started with International judge and trainer Bob Mayhew at Wye Oak Quarter Horses in 2004. In 2009 he had the opportunity to start his own business based at the Mayhew facility where he starts and trains horses and coaches riders. Michael has enjoyed national success in all disciplines on the show circuit with horses he has trained from the start, including several National Championships in reining.

Michael is assisted by UKCC Coach Debbie Cocklin and receives regular mentoring from World Champion trainer Al Dunning. All horses under the care of ML Training are produced using the principles of pressure and release. Individual physical and mental capabilities are given top priority so that horses are not pushed beyond what they are ready for.

MICHAEL'S FAVOURITE PRODUCTS

★ Baileys Horse Feeds

The range from Baileys has something for every need from youngstock nutrition to conditioning, high fibre feeds to performance mixes.

★ Longhorn Jeans

Great fit and great value. I live in these jeans and wholeheartedly recommend them for any western rider.

★ AD Tack

The range designed by Al Dunning from Schutz Bros is fantastic quality and value. It is so tough and I use it daily.

★ Pelleted Wood Bedding

Save time mucking out, reduce your muck heap and save money – swapping to wood pellet bedding was a no brainer!

★ Carhartt Jacket

I live in my Sandstone jacket every winter and wear it riding, doing yard work and out and about. Not cheap but so durable.

★ Won Pad

Won Pads come in different thicknesses and provide a stable, comfortable platform under a saddle for daily riding and showing.
